

## S·H·O·P·P·E·R 2

The Shopper 2 is available as standard in a choice of three paint colours to complement machines available from the Crane Merchandising Systems range.

When matched with Abstract, Ultra Blue or Grey graphics, these machines provide visual and aesthetic impact to any location.

### Flexible merchandising options

The Shopper 2 has been designed to meet the varying needs of a 24 hour refreshment service. Products are stocked into individual compartments on 9 rotating shelves. Each shelf comprises five trays, each of which can be divided into two, three, four or five segments.

Trays can be easily configured to hold a selection of plated main meals to small snack items, maximising the available space and offering customers a wide choice of products.

With increased compartment width and height, the Shopper 2 can also stock 229 mm (9 inch) diameter platters as well as upright cans, tetra-paks and sandwiches for dramatically improved product display.

M.B. All trays on a shelf must be equal division.

### Specifications

Height: 1830 mm (72 in.)  
 Depth: 782 mm (30.75 in.)  
 Width: 968 mm (38.13 in.)  
 Weight: 323 kg (710 lbs)  
 Refrigerant: R134A CFC Free  
 Compartment Height: 127 mm (5 in.)  
 Food Storage Area  
 Height: 889 mm (35 in.)  
 Depth: 406 mm (16 in.)  
 Width: 184 mm (7.25 in.)

*All weights and dimensions are approximate and are for guidance only*

### Electrical Services

Voltage: 220/240V AC  
 Frequency: 50 Hz  
 Current Rating: 6 amps (max)  
 Refrigeration Unit: 220/240V - 1/2 hp compressor
