VORM**®

THERMOKING 3000

The caterers dream - 3 litres of coffee in one Airpot!
Use several Airpots to brew and keep large quantities of coffee -
at a fraction of the equipment cost of Bulk Brewers and offering all
the flexibility of several Airpots at satellite stations !

- * Tank capacity 3 litres, approx. 20 cups
- * Machine throughput, approx. 160 cups per hour
- * Brewing time 7,5 mins.
- * Uses standard 3 pint fluted filter paper
- * Scale indicator light
- * 3 litre thermal Airpot
- * The Airpot will keep the coffee at the right temperature for hours
- * The coffee does not stew in an Airpot and retains its brewfresh flavour for hours
- * Standard colours: cream with black trim or jet black
- * Scratch resistant, easy to clean surfaces
- * Dimensions: W 220 mm, D 460 mm, H 635 mm
- * Boiling element: 240V, 3000 W.
- * Weight (airpot included): 8,4 kg

3,0 litre Airpot insulated jug

- * Suitable for Thermoking 3000 coffeemaker
- * One hand push button air pump dispensing, no lifting to pour
- * Stainless steel body
- * 360 degree revolving base for all round dispensing
- * Handle for carrying

Original "Smitdesign", hand-built by Technivorm of Amerongen,
The Netherlands.
